Commissioner's Corner

Commissioner's Corner

Greetings teammates,

Spring is here and we have completed a full 1st Quarter of the 2025 calendar year! Looking back, we have had successful events and initiatives to include the inaugural Veterans and Military Family Conference, launching of the HereNOW Help App to support veterans self and clinical care needs, and the KY Veterans Program Trust Fund granted five veterans service organizations over \$200K in grants. Our Benefits Division VBFRs and State Program Division coordinators have been crisscrossing the Commonwealth engaging our veterans and their families in their communities. In addition, the KDVA team has added new teammates in its Frankfort headquarters (OVLS Executive Director, Budget Manager and Homeless Veterans Coordinator) and throughout the agency to include its soon to open Bowling Green Veterans Center.

Looking ahead, we continue to have a very busy quarter engaging veterans throughout the Commonwealth. Starting this month, we will have a regional Benefits Claims clinic in Mayfield, KY (April 24th) and the kickoff of KDVA's monthly KY Virtual Job Fair (April 16th). In May, we have our annual Community and Faith Based Forum in Louisville, KY (May 17th) and state capitol (May 22nd) and state cemeteries (May 26th) Memorial Day Ceremonies. And will conclude the quarter with Women Veterans Retreat (June 06-08th). So, a busy time ahead for the KDVA team.

Finally, I like to close by recognizing our Kentucky Women Veterans as we complete Women History Month, and our Vietnam War Veterans in this 12th and final year of the National Vietnam War Commemoration Celebration. Thank you all for your service and sacrifice as well as what you have for or Nation and Commonwealth after service. We are forever grateful to you.

As always, HOOAH!

Very respectfully,

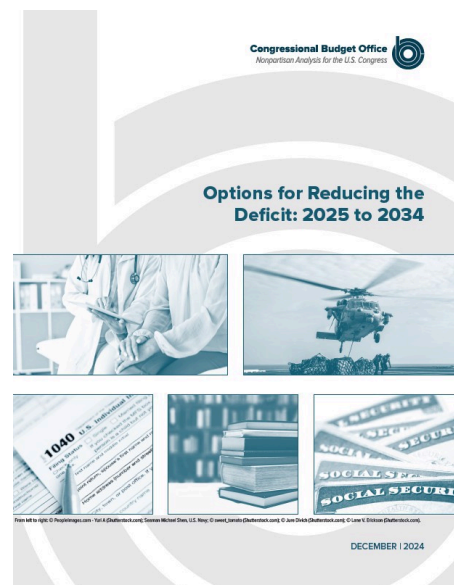

Whitney P. Allen, Jr.

CBO Nonpartisan Analysis Report

Team,

For your situational awareness and information sharing with your teammates and veteran service organizations. Use the link at the bottom to view the Congressional Budget Office Nonpartisan Analysis Report for budget options and deficit reduction. Produced in October 2024, this report recommends multiple options for reducing the deficit in the years 2025 to 2034. **It is important to note that this report provides estimates for potential upcoming legislative proposals.** In the area concerning veterans, Options 23 thru 26 are specific to Veterans.

CBO was established by the Congressional Budget Act of 1974 (the Budget Act) to provide objective, nonpartisan information to support the Congressional budget process and to help the Congress make effective budget and economic policy. The agency offers an alternative to the information provided by the Office of Management and Budget and other agencies in the executive branch.

Please note this report are only recommendations for legislation at the federal level and may have been updated since production. You can find this report and previous reports at <https://tinyurl.com/36nn4f7w>

VA to complete Federal EHR deployment at nine additional sites in 2026

The U.S. Department of Veterans Affairs announced it will complete deployment of the Federal Electronic Health Record system at nine additional medical facilities, bringing the total to go live in 2026 to 13, with complete deployment of the EHR at all VA medical facilities as early as 2031.

Today's announcement follows [December 2024 news](#) that four VA sites in Michigan would go live in 2026. The nine additional VA facilities will be announced later this year following planning sessions among officials from VA's Electronic Health Record Modernization Office, regional and local VA medical leaders, VA clinicians, and EHR vendor Oracle Health.

The Federal EHR system seamlessly manages data exchange between VA and the Department of Defense, improving customer service and convenience for VA and DOD patients.

"America's Veterans deserve a medical records system that's integrated across all VA and DOD components, and that is exactly what we will deliver. We can and will move faster on this important priority. But we're going to listen to our doctors, nurses and vendor partners along the way in order to ensure patient safety, quality and customer service," said **VA Secretary Doug Collins**.

VA is pursuing a market-based approach to site selection for its deployments going forward. This will enable the department to scale up the number of concurrent deployments, while also enabling staff to work as efficiently as possible.

VA will adopt a standard baseline of products, workflows, and integrations aligned with subject-matter-expert recommendations. The standardized national baseline will ensure successful Federal EHR implementation, accelerate deployments, simplify decision-making, and support future optimizations.

For more information about VA's overall EHR modernization effort, see [here](#).

KDVA: Recognizing One of our Own

Jimmy Wooton, Eastern Kentucky Veterans Center licensed practical nurse (LPN) received a recognition certificate from the KDVA Commissioner Whitney Allen for his hard work, professionalism, and dedication. In November he received the prestigious Silver Scholarship Award at the KHCF awards banquet.

Jimmy Wooton, LPN at the Eastern Kentucky Veterans Center, was honored as the recipient of the Silver Scholarship Award at the KHCF awards banquet on November 21, 2024. This prestigious recognition highlights his commitment to excellence in healthcare and his dedication to serving veterans with compassion and professionalism. Jimmy's achievement reflects his hard work, passion for nursing, and unwavering support for the veteran community.

Commonwealth Veterans Participate in Statewide "Veterans for Smart Power Roundtables"

Kentucky veteran advocates and leaders participated in U.S. Global Leadership Coalition (USGLC) Veterans for Smart Power roundtables held in Louisville, Lexington, and Bowling Green from March 25-27, 2025. Along with networking with fellow veteran advocates, attendees of the roundtables were able to participate in timely discussion on how America's international engagement—through development and diplomacy, alongside our defense—directly protects the security and prosperity of America. Guest speakers General Lawrence Nicholson, USMC (Retire) and Vice Admiral Matthew Kohler, USN (Retired) gave insights based on their military and post military experience on how international assistance strengthens our national security and counter our adversaries. USGLC Senior for Veteran Outreach, Jolan Jolivet, served as moderator of the discussions and events

coordinator. KDVA wishes to thank Mr. Jolivet and USGLC for hosting these roundtables and look for to future USGLC events in the Commonwealth. According to their website, the U.S. Global Leadership Coalition is a broad-based influential network of 500 businesses and NGOs; national security and foreign policy experts; and business, faith-based, academic, military, and community leaders in all 50 states who support strategic investments to elevate development and diplomacy alongside defense to build a better, safer world. Women History Month

Dina Parrott, KDVA Women Veterans Program Coordinator, gathered 10 women veterans to attend and be recognized by the Lt. Governor at the Women History Month Ceremony at the Capitol Rotunda in Frankfort, KY, March 10, 2025. Governor Beshear signed a proclamation designating March as Women History Month in KY.

Vietnam Veterans Day March 29

Proclamation

by

Andy Beshear
Governor

of the

Commonwealth of Kentucky

To All To Whom These Presents Shall Come:

WHEREAS, The Vietnam War was the longest war in United States history at the time, resulting in more than 58,000 casualties. The names of these men and women are forever inscribed in granite at the National Vietnam Veterans Memorial in Washington, D.C.; and

WHEREAS, The names of Kentucky's 1,108 casualties also are inscribed at the Kentucky Vietnam Veterans Memorial in Frankfort, where the shadow of a giant gnomon falls on each veteran's name on the anniversary of their death; and

WHEREAS, An estimated 100,000 Vietnam veterans live in Kentucky today, and many continue to serve their communities and fellow veterans through volunteerism, counseling and camaraderie; and

WHEREAS, More than 125,000 Kentuckians served during the Vietnam War, and, although the conflict ended, through powerful emotions and memories of war, the battle continues unseen for many of these veterans and their families; and

WHEREAS, Sacrifices by our Vietnam veterans have improved all aspects of service for our modern warriors, and Vietnam veterans remain mentors, leaders and heroes; and

WHEREAS, Because Kentucky's Vietnam veterans and their families gave much and asked for little, they deserve our utmost respect and dedicated support. In recognition of their sacrifices, the Commonwealth has become a "commemorative partner" of the United States of America Vietnam War Commemoration and is thus committed to conducting events and activities that will recognize these veterans and their families' service, valor and sacrifice;

NOW, THEREFORE, I, ANDY BESHEAR, Governor of the Commonwealth of Kentucky, do hereby proclaim March 29, 2025, as

VIETNAM VETERANS DAY

in Kentucky, and urge all communities to recognize, honor and thank all Vietnam War-era Veterans.

DONE AT THE CAPITOL, in the City of Frankfort the 13th day of March, in the year of Our Lord Two Thousand Twenty-Five and in the 233rd year of the Commonwealth.

Military Women's Memorial "Tell Her Story"

The Military Women's Memorial (MWM) is the only major national memorial honoring all servicewomen – past, present and future. The MWM honors more than 3 million women who served and continue to serve in the U.S. Armed Forces since the American Revolution.

Women's military service should be no less recognized than men's but historically the focus of history and preservation has been on men.

Why it's Important to Register?

EVERY STORY is important, EVERY STORY deserves to be told. Yet we have lost most of our WWI women veterans and our WWII women are fast coming to their final chapter. What history we have not recorded will be lost with them. We absolutely CANNOT let another generation go by without ensuring that our collective contributions are captured and remembered.

Please REGISTER HERE : www.womensmemorial.org

There is no cost to register! You can register any woman you know who is in or has served in the military. Let's keep "HER-Story alive!"
