The Kentucky Department of Veterans Affairs awards  certificates to College/University graduates who are serving in the military, parents are or were in the military, or spouse was or is in the military,  while they matriculated through college at any time.  This certificate is an important gesture if we consider the additional circumstances the students deal with such as  parents/spouses deploying or their own responsibilities for those that are serving  in the military.  We will provide the certificates and get them to the school in April or the best time frame for the schools.    Submit NLT March 15 for a May graduation.
